

Exploring the Spectrum of Kawasaki Disease & Beyond:

2nd IKDR and EUROKiDs Joint Meeting

Wednesday, 4 th of March (Day 1)		
16:30-22:00	Welcome drinks Tolhuistuin	---

Thursday, 5th of March (Day 2)

08:00-08:30	Walk-in and coffee	
08:30-08:45	Welcome and introductions	Moderators: Taco Kuijpers
08:45-09:15	KEYNOTE LECTURE	Moderators: Taco Kuijpers Speaker: Michael Levin (London, UK)
09:15-10:15	CLINICAL EPIDEMIOLOGY AND INSTITUTIONAL COHORT STUDIES	Moderators: Teresa Giani & Todd Nowlen
09:15-09:35		Speakers: Elisa Fernandez-Cooke (Madrid, Spain): <i>KAWA-RACE, main results from the Spanish Kawasaki disease registry</i>
09:35-09:55		Kevin Friedman (Boston, USA): <i>Adjunctive primary therapy with corticosteroids in high-risk KD patients</i>
09:55-10:15		Fanny Bajolle (Paris, France): <i>Long-term outcomes of giant coronary aneurysms in 60 children with Kawasaki disease: a 25-year single-center experience</i>
10:15-10:30	Break and networking	POSTER VIEWING
10:30-11:30	DIAGNOSIS	Moderators: Jethro Herberg
10:30-10:50		Speakers: Amedine Duret (London, UK): <i>A multiclass approach to diagnosing KD</i>
10:50-11:10		Rae Yeung (Toronto, Canada): <i>Diagnosing Kawasaki disease as part of the hyperinflammatory spectrum</i>
11:10-11:30		Cedric Manlhiot (Toronto, Canada): <i>Reassessing the phenotypic topology of KD through artificial intelligence</i>
11:30-12:15	Abstract presentations (1st session)	Moderators: Jordi Anton
12:15-13:00	Lunch and Networking	POSTER VIEWING
13:00-14:00	CLINICAL MIMICS	Moderators: Tadej Avcin
13:00-13:15		Speakers: Liliane Khoryati (Lyon, France): <i>Does MIS-C still exist?</i>

14:00- 15:20 14:00-14:20 14:20-14:40 14:40-15:00 15:00-15:20	CARDIAC SEQUALAE AND THERAPEUTIC OPTIONS IN THE ACUTE AND SUBACUTE PHASE	Moderators: Nico Blom Speakers: Supriya Jain (New York, USA): <i>Imaging in high-risk patients: complementing echocardiography</i> Kirsten Dummer (San Diego, USA): <i>Exercise stress test for assessing inducible myocardial ischemia in KD patients</i> Elie Hachem (Paris, France): <i>Advanced imaging techniques in KD</i> Ming Tai Lin (Taipei, Taiwan): <i>Acute management of thrombosis in the child</i>
15:20-15:40	Break and networking	POSTER VIEWING
15:40-17:00 15:40-16:00 16:00-16:20 16:20-16:40 16:40-17:00	LATE CARDIAC SEQUELAE	Moderators: André Jacob & Marianna Fabi Speakers: Eleni Vergadi (Crete, Greece): <i>Long-term CAA regression case series of giant CAA from two London centres</i> Leonardo Brandao (Toronto, Canada): <i>DOACs vs. Warfarin in the management of Kawasaki disease</i> Brian McCrindle (Toronto, Canada): <i>Preventative cardiology, lipid screening and treatment in KD</i> Willemijn Corpeleijn (Amsterdam, The Netherlands): <i>Assessment of cardiovascular disease risk and lipid profiles</i>
17:00-17:15	Wrap up of day 1 and introduction of day 2	Moderators: Stejara Netea

Friday, 6th of March (Day 3)

08:30-08:35	Welcome and introductions	Taco Kuijpers
08:35-10:05 08:35-08:55 08:55-09:15 09:15-09:35 09:35-10:05	LATE SEQUALAE, TRANSITION AND PARENT/PATIENT PERSPECTIVE	Moderators: Irene Kuipers & Vitor Guerra Speakers: Rob de Winter (Amsterdam): <i>Interventions in complex KD cases</i> Simon Lee (Chicago, USA): <i>Exercise intensity and the AHA 2024 guidelines</i> Alain Fraisse (London, UK): <i>Challenges in multinational collaborative efforts</i> Patient and parent interviews: <i>Living with KD</i>
10:05-11:05 10:05-10:25 10:25-10:45 10:45-11:05	BEYOND THE GUIDELINES	Moderators: Anton Hospach & Pei-Ni Jone Speakers: Adriana Tremoulet (San Diego, USA): <i>Managing Kawasaki disease: challenging cases beyond standard guidelines</i> Paul Brogan (London, UK): <i>Corticosteroids plus IVIG and aspirin vs. IVIG and aspirin alone: an RCT</i> Kenji Suda (Kurume, Japan): <i>Overview of the Japanese guidelines</i>
11:05-11:25	Break and networking	POSTER VIEWING
11:25-12:30	Abstract presentations (2nd session)	Moderators: Nadine Choueiter
12:30-13:30	Lunch and Networking	POSTER VIEWING

13:30-14:00	Keynote lecture	Moderators: Alexandre Belot Speaker: Tomoyo Matsubara (Tokyo, Japan): <i>Epidemiology and treatment of acute Kawasaki disease in Japan</i>
14:00-14:50 14:00-14:30 14:30-14:50	PATHOPHYSIOLOGY	Moderators: Adriana Tremoulet Speakers: Jane Burns: <i>Exploring cardiac tissue fibrosis in Kawasaki disease: a discussion</i> Vanessa Sancho-Shimizu (London, UK): <i>BTLN8 variants in MIS-C: lessons for KD pathology?</i>
14:50- 15:35	Abstract presentations (3rd session)	Moderators: Isabelle Koné-Paut & Luis Martin Garrido Garcia
15:35-15:50	Break and networking	POSTER VIEWING
15:50-16:50 15:50-16:10 16:10-16:30 16:30-16:50	FUTURE DIRECTIONS	Moderators: Nagib Dahdah Speakers: Danielle van Keulen (SkylineDx, Rotterdam, The Netherlands): <i>Towards a diagnostic test for Kawasaki disease</i> Taco Kuijpers & Stejara Netea (Amsterdam, The Netherlands): <i>Protein based diagnostic tests in KD</i> Joint room discussion: <i>Moving forwards together</i>
16:50-17:10	AWARDS AND WRAP-UP	Moderators: Taco Kuijpers
